

PROGRAM

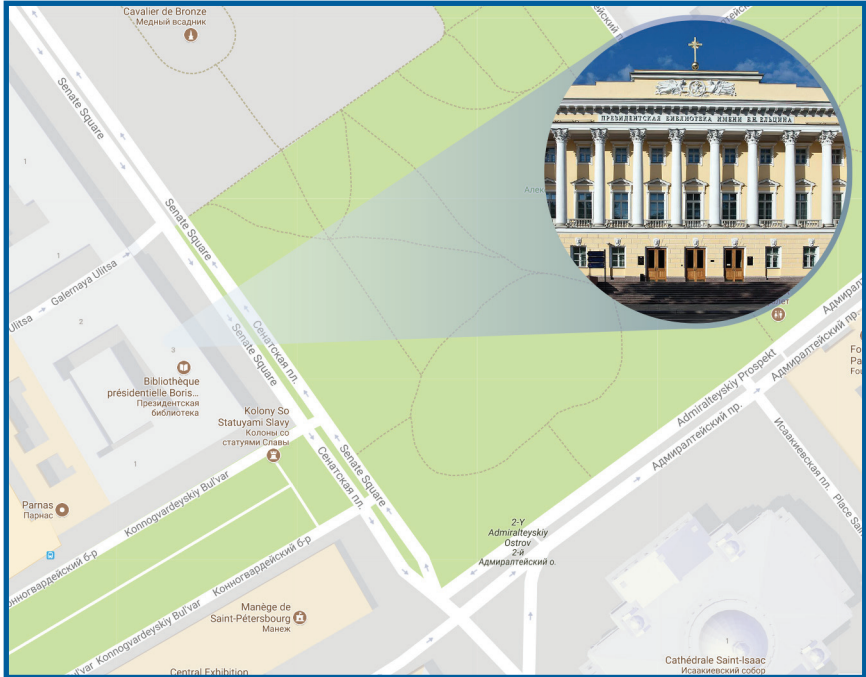

III INTERNATIONAL CONFERENCE ON COMBATING NEW CORONAVIRUS INFECTION AND OTHER INFECTIOUS DISEASES

December 15–16, 2022
St.Petersburg

LOCATION

B.N. Yeltsin Presidential Library

Address: St. Petersburg, Senatskaya square, 3

Ground floor Hall 2 (Multimedia Hall)

1st floor Hall 1 (Great Hall)

2nd floor Hall 3 (Academic Council Hall)

ORGANIZERS

Federal Service for Surveillance on Consumer Rights Protection
and Human Wellbeing
Russian Research Institute for Anti-Plague “Microbe”
St. Petersburg Pasteur Institute

ORGANIZING COMMITTEE

Chairman:

Anna Yu. Popova – Head of the Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing, Chief State Sanitary Physician of the Russian Federation

Organizing committee members:

Yulia V. Demina – Director of the Institute of Disinfectology of the Federal Scientific Center of Hygiene named after F.F. Erisman of Rospotrebnadzor

Vladimir V. Kutyrev – Director of the Russian Research Anti-Plague Institute “Microbe” of Rospotrebnadzor

Alexander N. Letyushev – Head of the Department of Scientific and Analytical Support of the Central Office of the Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing

Areg A. Totolian – Director of St. Petersburg Pasteur Institute

Konstantin S. Yaroslavsky – Assistant Manager to the Head of the Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing

PROGRAM COMMITTEE

Vyacheslav Yu. Smolensky – Deputy Head of the Federal Service for Surveillance on Consumer Rights Protection and Human Wellbeing

Vadim M. Govorun – Director of the Research Institute of Systematic Biology and Medicine of Rospotrebnadzor

Svetlana A. Shcherbakova – Deputy Director for Scientific and Experimental Work of the Russian Research Anti-Plague Institute “Microbe” of Rospotrebnadzor

Vladimir G. Dedkov – Deputy Director for Scientific Work of St. Petersburg Pasteur Institute

SECRETARIAT

Maria S. Voshcheva

mobile phone: 8 921 324-54-91

Kseniya A. Smirnova

mobile phone: 8 921 305-25-13

SCHEDULE OF MEETINGS

December 15, 2022 (Thursday)

	Hall 1 (Great Hall)	Hall 2 (Multimedia Hall)	Hall 3 (Academic Council Hall)
9:30–10:20	CONFERENCE OPENING		
10:30–12:30	PLENARY SESSION 1 COVID-19: Epidemiology, Virology, and Immunology		
12:30–13:00	Coffee break		
13:00–14:30	PARALLEL SESSION 1 Modeling of SARS-CoV-2 Epidemiology	PARALLEL SESSION 2 Development of Immunobiological Drugs Against SARS-CoV-2	13:00–15:00 Meeting of the Coordinating Council of Authorized Bodies of the Member States of the Collective Security Treaty Organization on Biological Safety Issues
14:30–15:30	Lunch		
15:30–17:30	PARALLEL SESSION 3 Immunopathogenesis of COVID-19	PARALLEL SESSION 4 Molecular Genetic Monitoring in the Epidemiology of SARS-CoV-2	

December 16, 2022 (Friday)

	Hall 1 (Great Hall)	Hall 2 (Multimedia Hall)	Hall 3 (Academic Council Hall)
9:30–11:30	PLENARY SESSION 2 COVID-19: Fundamental Principles of Prevention and Treatment		
11:30–12:00		Coffee break	
12:00–14:00	PARALLEL SESSION 5 Clinical and Epidemiological Aspects of Coronavirus Infection	PARALLEL SESSION 6 Preventive Immunization and Immunotherapy of COVID-19	SUMMING-UP MEETING Discussion of the Results of the Population Immunity to SARS-CoV-2 Investigation in the Countries of Eastern Europe, Central Asia, and the South Caucasus
14:00–15:00		Lunch	
15:00–16:15	PARALLEL SESSION 7 Joining Efforts: International Experience and International Collaboration to Counteract COVID-19 and Other Infectious Diseases	ROUND TABLE CONFERENCE SARS-CoV-2 Vaccines: What's Next?	
16:15–17:30		ROUND TABLE CONFERENCE Post-COVID-19: A Multidisciplinary Challenge	
17:30–18:00	CLOSING CEREMONY		

Hall 1 (Great Hall)**Accreditation of delegates****8:30–9:30****9:30–10:20****OPENING CEREMONY****Opening remarks****10:30–12:30****PLENARY SESSION 1****COVID-19: Epidemiology, Virology, and Immunology****Co-chairs**

Anna Popova, MD, PhD, DSci, Professor
 Vladimir Kutylev, Academician of RAS

Lessons from the COVID-19 pandemic: improving the response to biological threats (20 min)

Vladimir Kutylev, Russian Research Anti-Plague Institute "Microbe" of Rospotrebnadzor, Saratov

Coronaviruses: genetic variability. Predictions for the future (20 min)

Vitaliy Zverev, I.I. Mechnikov Research Institute of Vaccines and Sera, Moscow

The theory of self-regulation of parasitic systems by Belyakov V.D. and COVID-19 (20 min)

Vasiliy Akimkin, Central Research Institute of Epidemiology of Rospotrebnadzor, Moscow, Semenenko T.A., Brusina E.B., Briko N.I., Shchelkanov M.Yu., Feldblyum I.V., Kuzin A.A., Ploskireva A.A., Ugleva S.V., Zobov A.E.

Formation of post-infection and post-vaccination immune response to SARS-CoV-2 (20 min)

Sergey Nedospasov, Sirius University of Science and Technology, Sochi; Engelhardt Institute of Molecular Biology, Moscow

COVID-19 Immunology: recent advances and lessons from the pandemic (20 min)

Areg Totolian, St. Petersburg Pasteur Institute, St. Petersburg

Some lessons of post-COVID. Data analysis and measurements (20 min)

Vadim Govorun, Research Institute of Systematic Biology and Medicine of Rospotrebnadzor, Moscow

12:30–13:00**Coffee break**

13:00–14:30

Co-chairs

PARALLEL SESSION 1

Modeling in SARS-CoV-2 Epidemiology

Vadim Govorun, Academician of RAS
Vasilii Akimkin, Academician of RAS

Phylodynamics of SARS-CoV-2 in Russia (15 min)

Aleksandr Lukashev, First Moscow State Medical University (Sechenov University), Moscow

An agent-based modeling of the COVID-19 epidemic in the Russian Federation (15 min) [online]

Georgy Rykovanov, All-Russian Scientific Research Institute of Technical Physics, Chelyabinsk

Computer modeling in the epidemiology of COVID-19 (15 min)

Elena Ilyina, Research Institute of Systematic Biology and Medicine of Rospotrebnadzor, Moscow

Dynamic assessment of SARS-CoV-2 heterogeneity as a tool for analysis of parasite adaptation to a new host population (15 min)

Safronov V.A., Andrey Fedorov, Katyshev A.D., Russian Research Anti-Plague Institute "Microbe" of Rospotrebnadzor, Saratov

Molecular epidemiological surveillance system for rapid response to biological threats (COVID-19 example) (15 min)

Vladimir Dedkov, St. Petersburg Pasteur Institute, St. Petersburg

Discussion

14:30–15:30

Lunch

15:30–17:30

Co-chairs

PARALLEL SESSION 3

Immunopathogenesis of COVID-19

Vladimir Kozlov, Academician of RAS
Sergey Nedospasov, Academician of RAS

The role of the thymus in coronavirus infections (15 min) [online]

Vladimir Kozlov, Scientific Research Institute for Fundamental and Clinical Immunology, Novosibirsk

Molecular and genetic mechanisms of innate immunity in COVID-19 (15 min)

Oksana Svitich, I.I. Mechnikov Research Institute of Vaccines and Sera, Moscow

Formation and maintenance of adaptive immune responses to the SARS-CoV-2 virus (15 min)

Anna Toptygina, Afridonova Z.E., G.N. Gabrichevsky Moscow Research Institute of Epidemiology and Microbiology of Rospotrebnadzor, Moscow

The paradigm of T and B regulatory and memory cells ratios in hybrid immunity to SARS-CoV-2 (15 min)

Irina Andreeva, Sizyagina L.P., Rostov State Medical University, Rostov-on-Don

Cytokine profile in a new coronavirus infection and its dependence on the virus genovariant (15 min)

Zoya Korobova, St. Petersburg Pasteur Institute, St. Petersburg

Immunopathogenetic aspects of COVID-19 depending on the genovariants of the pathogen (15 min)

Zhanna Ponezheva, Usenko D.V., Alimova L.K., Gorelov A.V., Central Research Institute of Epidemiology of Rospotrebnadzor, Moscow

The immune status of patients with community-acquired pneumonia in the Rostov region during the COVID-19 pandemic (2021–2022) (15 min)

Inna Ivanova, Filippenko A.V., Omelchenko N.D., Trufanova A.A., Noskov A.K., Rostov-on-Don Research Anti-Plague Institute of Rospotrebnadzor, Rostov-on-Don

Discussion

HALL 2 (Multimedia Hall)**PARALLEL SESSION 2****Development of Immunobiological Drugs
Against SARS-CoV-2**

13:00–14:30

Co-chairs

Oksana Svitich, Corresponding Member of RAS
Rinat Maksyutov, MD, PhD, DSci**Prospects for creation of RNA vaccines against viral infections
with pandemic potential (15 min)**Andrey Vasin, A.A. Smorodintsev Research Institute of Influenza of the Ministry
of Health of the Russian Federation, Peter the Great St. Petersburg Polytechnic
University, St. Petersburg**Experience in development of nucleic acid-based vaccines against
SARS-CoV-2 (15 min)**Andrey Rudometov, State Research Center of Virology and Biotechnology "Vector"
of Rospotrebnadzor, Koltsovo, Novosibirsk Region**Experience in developing countermeasures against a new coronavirus
infection (15 min)**Rinat Maksyutov, State Research Center of Virology and Biotechnology "Vector"
of Rospotrebnadzor, Koltsovo, Novosibirsk Region**Study of the safety and preventive efficacy of the vaccine
"EpiVacCorona" based on peptide antigens for the prevention
of COVID-19 (15 min) [online]**Aleksandr Ryzhikov, State Research Center of Virology and Biotechnology "Vector"
of Rospotrebnadzor, Koltsovo, Novosibirsk Region**Recombinant subunit vaccines – application in the context
of COVID-19 and future platform perspectives (15 min)**Aleksandr Kudryavtsev, Research Institute of Systematic Biology and Medicine
of Rospotrebnadzor, Moscow**Neutralizing activity of horse anti-RBD serum against variants
of SARS-CoV2 circulating in Venezuela (15 min)**Rodríguez M., Cepeda M., Jaspe R.C., Sulbaran Y., Bello C., López M., Pujol F.H.,
Hector Rafael Rangel Escalante, Venezuelan Institute for Scientific Research, Caracas,
Venezuela**Discussion**

14:30–15:30

Lunch

15:30–17:30

Co-chairs

PARALLEL SESSION 4

Molecular Genetic Monitoring in the Epidemiology of SARS-CoV-2

Aleksandr Lukashev, Corresponding Member of RAS
Vladimir Dedkov, PhD

VGARus system as a platform solution for generalization and analysis of high-throughput sequencing data in the interests of epidemiological surveillance of infectious diseases (15 min)

Akimkin V.G., Kamil Khafizov, Cherkashina A.S., Saenko V.V., Tivanova E.V., Ostroushko A.A., Evstifeev E.A., Dubodelov D.V., Central Research Institute of Epidemiology of Rospotrebnadzor, Moscow

Genetic and epidemiological monitoring of COVID-19 in the Northwestern Federal District in 2022 (15 min)

Anna Gladkikh, Dedkov V.G., St. Petersburg Pasteur Institute, St. Petersburg

Molecular genetic monitoring of SARS-CoV-2 population variability in Siberian and Far East regions in 2022 (15 min)

Sergey Balakhonov, Mironova L.V., Bondaryuk A.N., Sidorova E.A., Fedotova I.S., Sharakshanov M.B., Ponomareva A.S., Lyashchenko S.M., Ivacheva M.A., Irkutsk Scientific Research Anti-Plague Institute of Rospotrebnadzor, Irkutsk

Evolution of the COVID-19 epidemic process in the Volga Federal District (15 min) [online]

Anastasia Polyamina, Zaitseva N.N., I.N. Blokhina Nizhny Novgorod Scientific Research Institute of Epidemiology and Microbiology, Nizhny Novgorod

Phylogeny of SARS-CoV-2 variants in Venezuela (15 min)

Carmen Luisa Loureiro Mariño, Venezuelan Institute for Scientific Research, Caracas, Venezuela, Jaspe R.C., Sulbaran Y.F., Moros Z.C., Zambrano J.L., Garzaro D.J., Rangel H.R., Pujol F.H.

Genetic monitoring of SARS-CoV-2 virus variants in the Republic of Guinea (15 min)

Sanaba Bumbali, Virology Research Center – Laboratory of Hemorrhagic Fevers in Guinea, Conakry, Republic of Guinea

Human microbiome vs COVID-19 (15 min)

Lyudmila Kraeva, St. Petersburg Pasteur Institute, St. Petersburg

Discussion

Hall 3 (Academic Council Hall)

13:00–15:00

Meeting of the Coordinating Council of Authorized Bodies of the Member States of the Collective Security Treaty Organization on Biological Safety Issues

Hall 1 (Great Hall)

PLENARY SESSION 2

COVID-19: The Fundamentals of Prevention and Treatment

9:30–11:30

Co-chairs

Yuriy Lobzin, Academician of RAS
Alexandr Suvurov, Corresponding Member of RAS

Regulation and complexity of SARS-CoV-2 infection (20 min)

Yungui Yang, Deputy Director of Beijing Institute of Genomics, Chinese Academy of Sciences (CAS), Beijing, China

The technical platform of single-domain antibodies and its use for the creation of tools for the diagnostics and therapy of infectious diseases (20 min) [online]

Logunov D.Y., Shcheblyakov D.V., Ilyas Esmagambetov, Gintsburg A.L., N.F. Gamaleya Research Center of Epidemiology and Microbiology of the Ministry of Health of the Russian Federation, Moscow

Mucosal probiotic vaccines against SARS-CoV-2 (20 min)

Alexander Suvorov, Institute of Experimental Medicine, St. Petersburg

Development of a platform for the creation of recombinant vaccines based on a corpuscular adjuvant (20 min)

Igor Krasilnikov, "BioTech Development" LLC, St. Petersburg

Immunobiological drugs neutralizing SARS-CoV-2 activity (20 min)

Alexander Gabibov, Shemyakin and Ovchinnikov Institute of Bioorganic Chemistry, Moscow

Novel coronavirus infection in children (20 min)

Yuriy Lobzin, Uskov A.N., Rychkova S.V., Children's Scientific and Clinical Center for Infectious Diseases of the Federal Medical and Biological Agency of Russia, St. Petersburg

11:30–12:00

Coffee break

12:00–14:00

PARALLEL SESSION 5

Clinical and Epidemiological Aspects of the Coronavirus Infection

Co-chairs

Mikhail Kostinov, Corresponding Member of RAS
Nataliya Pshenichnaya, MD, PhD, DSci, Professor

Reducing the intensity of the epidemic process of COVID-19 against the background of vaccination against influenza (15 min)

Mikhail Kostinov, I.I. Mechnikov Research Institute of Vaccines and Sera; First Moscow State Medical University (Sechenov University), Moscow, Nastaeva N.Yu., Barabash S.V.

Clinical and epidemiological features of infectious pathology during the pandemic of coronavirus infection caused by SARS-CoV-2 (15 min) [online]

Antonina Ploskireva, Gorelov A.V., Central Research Institute of Epidemiology of Rospotrebnadzor, Moscow

Respiratory infections during the COVID-19 pandemic (15 min)

Nataliya Pshenichnaya, Central Research Institute of Epidemiology of Rospotrebnadzor, Moscow

Acute respiratory infections. Etiological diagnosis of acute respiratory infections – a contribution to the prevention of antibiotic resistance (15 min)

Elena Tivanova, Provotorova M.P., Central Research Institute of Epidemiology of Rospotrebnadzor, Moscow

Features of the manifestations of the infectious process of new coronavirus infection in vaccinated and non-vaccinated individuals against COVID-19 in the inpatient department (15 min)

Pechenik A.S., Zhang Chen, Kostinov M.P., Loktionova M.N., Izabela Khrapunova, Linok A.V., First Moscow State Medical University (Sechenov University), Moscow

Clinical aspects and immunocorrection in COVID-19 patients (15 min)

Ekaterina Khromova, Osiptsov V.N., Svitich O.A., Gainytdinova V.V., Bysheva I.V., Skhodova S.A., Kostinov M.P., I.I. Mechnikov Research Institute of Vaccines and Sera, Moscow

Clinical and epidemiological aspects of COVID-19 in patients with HIV infection in the South of Russia (15 min) [online]

Tverdokhlebova T.I., Anna Matuzkova, Rostov Research Institute of Microbiology and Parasitology of Rospotrebnadzor, Rostov-on-Don

Discussion**14:00–15:00****Lunch****15:00–17:30****PARALLEL SESSION 7****Joining Forces: International Experience and International Cooperation in Countering COVID-19 and Other Infectious Diseases****Co-chairs**

Vladimir Kutuyev, Academician of RAS
Vladimir Dedkov, PhD

Vaccination successes and vaccine efficacy against COVID-19 in China (15 min) [VCS]

Yin Zudong, Chinese Center for Disease Control and Prevention, Beijing, China

Pandemic COVID-19: a new stage of cooperation (15 min)

Elena Shamal, Executive Committee of the Commonwealth of Independent States, Minsk, Republic of Belarus

Experience of combating a new coronavirus infection in the Republic of the Congo (15 min)

Pembe Issamu Mayenge, Research Director of the National Public Health Laboratory of the Republic of the Congo, Brazzaville, Republic of the Congo

Uganda's experience in dealing with epidemics of COVID-19, Ebola and other infections (15 min)

Kyobe Bosa Henry Sol, National Ebola Program Manager, Ministry of Health of the Republic of Uganda, Kampala, Republic of Uganda

The current situation with the epidemic of COVID-19 in the Republic of Guinea (15 min)

Mamadu Iero Buaro, Konstantinov O.K., Keita S., Toure B.M., Institute of Applied Biology of Guinea, Kindia, Republic of Guinea

Results of COVID-19 surveillance in Central Vietnam, 2021–2022 (15 min)

Trang Le Thi Kim, Nha Trang Pasteur Institute, Nha Trang, Vietnam

The COVID-19 response in Mongolia (15 min)

Jantsansengee Baigalmaa, Jigjidsuren Nyamsuren, National Center for Communicable Diseases, Ministry of Health, Mongolia

Scientific and practical cooperation of the National Center for Infectious Diseases of the Ministry of Health of the Republic of Armenia with the Federal Service for Supervision of Consumer Rights Protection and Human Welfare (Rosпотребнадзор) (15 min)

Stepan Atoyan, Director of the National Center for Infectious Diseases, Ministry of Health, Yerevan, Republic of Armenia

Experience in hosting international events during the coronavirus infection period (10 min)

Makhzuna Nasretdinova, Head of the Samarkand Regional Department of the Sanitary and Epidemiological Service, Samarkand, Uzbekistan

Counteraction of a new coronavirus infection and other infectious diseases in the Republic of Uzbekistan (10 min)

Clara Radzhabbaeva, Chief Specialist of the Department of Particularly Dangerous Infectious Diseases of the Sanitary Epidemiological Service, **Ilhomjonov A.**, Tashkent, Uzbekistan

Comprehensive measures to prevent coronavirus infection in Turkmenistan (10 min)

Gurbanberdy Khojagurbanov, Head of the Department of Particularly Dangerous Infections, Directorate of Infectious Disease Centers, Ashgabat, Turkmenistan, **Agajan Akiyev**, Head of Lebap Velayat SES, Turkmenabat, Turkmenistan

Discussion

HALL 2 (Multimedia Hall)**12:00–14:00****PARALLEL SESSION 6****Immunoprophylaxis and Immunotherapy of COVID-19****Co-chairs**

Vitaliy Zverev, Academician of RAS
 Andrey Simbirtsev, Corresponding Member of RAS

Interferon in pathogenesis and treatment of viral infections (15 min)
 Andrey Simbirtsev, St. Petersburg Pasteur Institute; Institute of Highly Pure Biopreparations, St. Petersburg

The role of recombinant IFN α 2b in vaccination against a new coronavirus infection (15 min)
 Raisa Kuznetsova, Simbirtsev A.S., Savin T.V., Tyurina T.O., Milichkina A.M., Drozd I.V., Totolyan A.A., St. Petersburg Pasteur Institute, St. Petersburg

Mucosal immunity and the role of interferon-alpha-2b in the rehabilitation of patients with the post-COVID syndrome (15 min)
 Albina Khasanova, Ulyanovsk State University Institute of Medicine, Ecology and Physical Education, Ulyanovsk, Solovieva I.L., Kostinov M.P.

Changes in humoral immunity against VOC variants of SARS-CoV-2 in vaccinated with EpiVacCorona and convalescents (15 min)
 Stepan Pyankov, State Research Center of Virology and Biotechnology "Vector" of Rospotrebnadzor, Koltsovo, Novosibirsk Region

Specific prevention of new coronavirus infection in children and adolescents: clinical and immunological aspects of vaccination (15 min)
 Natalia Andreeva, I.N. Ulyanov Chuvash State University, Cheboksary, Kostinov M.P., Petrova T.I., Tarasova A.A., Lezhenina S.V.

The efficiency of monoclonal antibodies neutralizing the SARS-CoV-2 virus in the treatment of COVID-19 (15 min)
 Victoria Firstova, State Scientific Center of Applied Microbiology and Biotechnology, Obolensk

Features of the formation of the immune response to SARS-CoV-2 in medical workers – reconvalescents of COVID-19 (15 min) [online]
 Reshetnikova I.D., Khakimov N.M., Agafonova E.V., Yuri Tyurin, Kazan Research Institute of Epidemiology and Microbiology, Kazan, Isayeva G.Sh., Ziatdinov V.B.

Influence of bacterial ligands on respiratory infections and mucosal immunity in healthcare workers with the post-COVID syndrome (15 min)
 Nadezhda Kryukova, I.I. Mechnikov Research Institute of Vaccines and Sera, Moscow, Baranova I.A., Khromova E.A., Abramova N.D., Pakhomov D.V., Chuchalin A.G., Svitich O.A., Kostinov M.P.

Discussion**14:00–15:00****Lunch**

15:00–16:15

Moderators

ROUND TABLE CONFERENCE
SARS-CoV-2 Vaccines: What's Next?

Vitaliy Zverev, Academician of RAS
Yuriy Lobzin, Academician of RAS

16:15–17:30

Moderators

ROUND TABLE CONFERENCE
Post-COVID-19: A Multidisciplinary Challenge

Vadim Govorun, Academician of RAS
Areg Totolian, Academician of RAS

Hall 3 (Academic Council Hall)

SUMMING-UP MEETING

Discussion of the Results of the Analysis of Population Immunity to SARS-CoV-2 in the Countries of Eastern Europe, Central Asia and the South Caucasus

12:00–14:00

Co-chairs

Vyacheslav Smolensky, PhD
Areg Totolian, Academician of RAS

Greeting

Vyacheslav Smolensky, Deputy Head of the Federal Service for Surveillance on Consumer Rights Protection and Human Welfare, Moscow

The Rospotrebnadzor program for the assessment of population immunity to SARS-CoV-2 (15 min)

Areg Totolian, Director of St. Petersburg Pasteur Institute, St. Petersburg

Features of the epidemic process of COVID-19 and population immunity of the population of the Republic of Belarus based on the results of four stages of the research in the dynamics of 2021–2022 (15 min)

Alla Dashkevich, Deputy Head Physician for Epidemiology, State Institution “Republican Center for Hygiene, Epidemiology and Public Health”, Minsk, Republic of Belarus

Features of the epidemic process of COVID-19 and population immunity of the population of the Kyrgyz Republic based on the results of three stages of the analysis (15 min) [online]

Zuridin Nurmatov, Head of the Republican Scientific and Practical Center for the Control of Viral Infections Scientific and Production Association “Preventive Medicine” of the Ministry of Health of the Kyrgyz Republic, Bishkek, Kyrgyz Republic

Organizational features and results of the assessment of the population immunity of the population of the Republic of Armenia to SARS-CoV-2 (15 min)

Gayane Melik-Andreasyan, Deputy Director for Science of the Laboratory Reference Center of the State Non-Commercial Organization “National Center for Disease Control and Prevention” of the Ministry of Health of the Republic of Armenia, Yerevan, Republic of Armenia

Features of the COVID-19 epidemic process and the level of population immunity of the population of the Republic of Tajikistan to SARS-CoV-2 in April 2022 (15 min)

Erkin Rakhmonov, Chief Specialist in Infectious Diseases of the Ministry of Health and Social Protection of the Republic of Tajikistan; Head of the Department of Infectious Diseases, Abuali ibn Sino Tajik State Medical University, Dushanbe, Republic of Tajikistan

Sukhrob Vohidov, Head of the Department of Epidemiological Analysis and Prevention of Infectious Diseases, Tajik Research Institute of Preventive Medicine, MOHSP, Dushanbe, Republic of Tajikistan

Discussion. Meeting Resolution

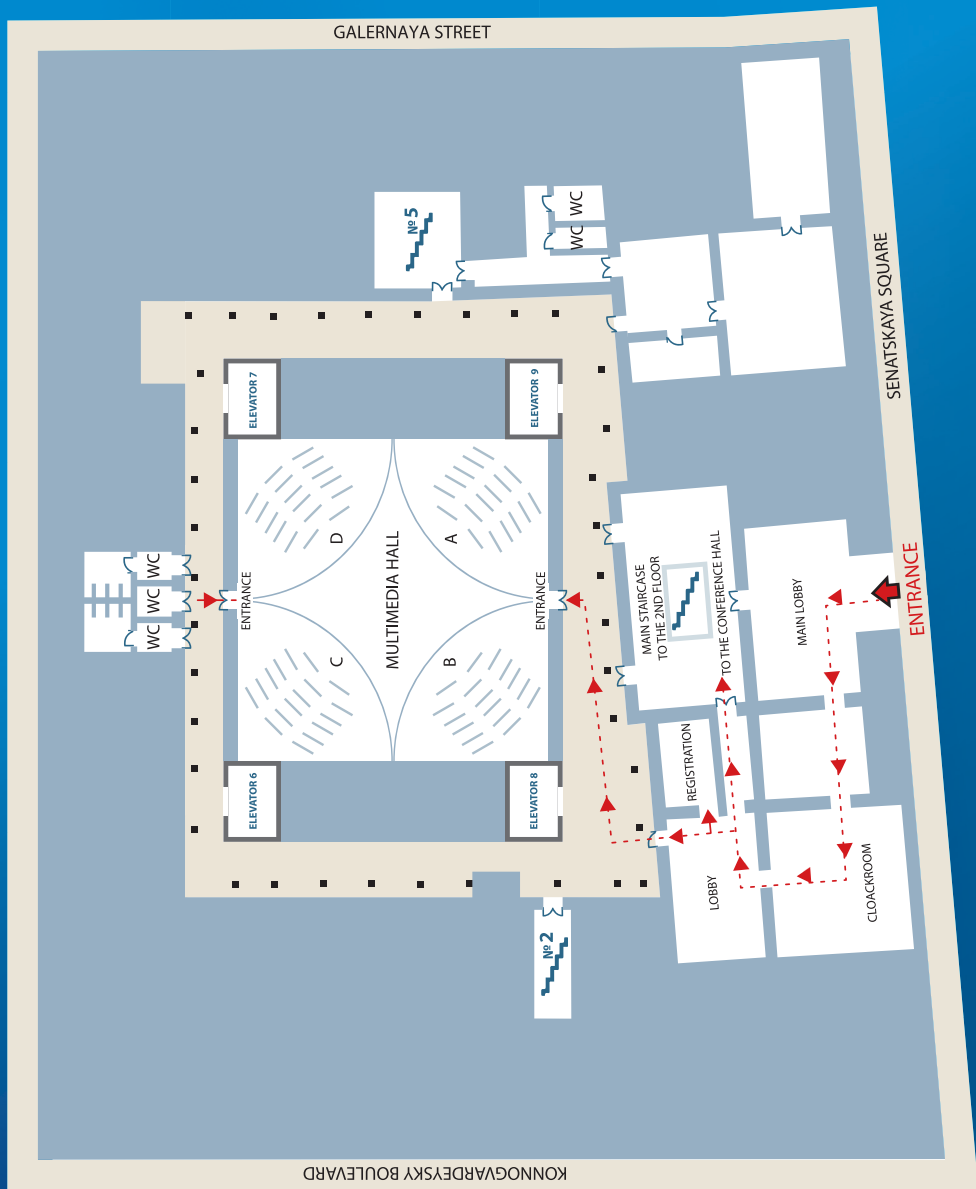

17:30–18:00

Co-chairs

Hall 1 (Great Hall) CLOSING CEREMONY

Vadim Govorun, Academician of RAS
Vladimir Kuttyrev, Academician of RAS
Areg Totolian, Academician of RAS

1ST FLOOR

2ND FLOOR
